Introduction

Please read these guidance notes before you start to complete the application form AF4(NI) for Additional Registration for Social Workers.

This pack contains all the information you need to request additional registration with another UK Social Care Council, or Social Services Council.

The four UK Social Care Councils, or Social Services Councils are:

- The Care Council for Wales
- The General Social Care Council
- The Northern Ireland Social Care Council
- The Scottish Social Services Council

(Please note **Lead Council** is defined as the Council with whom you first registered and to which you pay your registration fee.)

Applying for additional registration

You should only apply for additional registration if you are already registered with one of the four Social Care or Social Services Councils in the UK, and your work means that you are, or could be working in more than one UK country.

If you are moving to another part of the UK to work in that country only, a Transfer of your registration may be more appropriate . You should therefore complete an application to Transfer Registration AF3(NI)

If you are not already registered with one of the Social Care or Social Services Councils in the UK, you should contact the Council in the country where you wish to work, or intend to do most of your work and ask for form AF1.
